7 January 2026 - 1win Charity, together with MMA legend Jon Jones, has successfully concluded its global campaign

1wish Season

a holiday initiative that brought together tens of thousands of people around the world through kindness, support, and real action. The campaign ran from December 1 to December 23, and invited participants to share personal wishes - not only for themselves, but also for their families, communities, and those in need. Each day, Jon Jones chose winners and helped turn their wishes into reality.

Campaign Highlights:

Among the most touching wishes were stories that went far beyond personal gifts. Together, 1win and Santa Jon helped bring joy to thousands of people worldwide - from gifting a gaming console to a young fan, to making a long-awaited family trip possible; from donating food and supplies to animal shelters, to equipping an entire volunteer rescue team with the tools they need to save lives. Each wish, big or small, carried a story - and every fulfilled one became a moment of real warmth this winter.

Unlike traditional holiday promotions, 1wish Season was built around the idea that winning is not just about luck. It is about listening, understanding, and offering meaningful support where it truly matters.

“What moved us the most was how many people wished not for themselves, but for others” for their families, their communities, and even strangers. This project reminded us that the real spirit of the holidays is about giving, listening, and showing up when it matters.”

By connecting people across continents, 1wish Season became a reminder that generosity has no borders. Through small daily actions, the campaign demonstrated how collective participation can create lasting impact.
