â?? Background to production: India as a global powerhouse

India is quickly emerging as a new global economic powerhouse, and the NX Group regards the Indian market as the most critical base to realize its long-term vision of becoming â??a logistics company with a strong presence in the global market.â?•

The movie illustrates how the NX Group has transcended the bounds of a simple logistics company to operate as a dynamic â??strategic partnerâ?• in driving the evolution of social infrastructure within the convergence of tradition and innovation that is modern India.

â?? Highlights of the new brand movie

1. Logistics supporting the evolution of Indian industry

India's industrial structure is making brisk advances, propelled by the rise of the semiconductor industry and the expansion of e-commerce. The movie showcases how the NX Group's global quality encompassing precision equipment handling and smart logistics underpins the evolution of India's industries.

2. Rail transport: lifeline of the automotive industry

The movie dynamically depicts the rail transport connecting the Group's vast network across India and stresses the Group's commitment to strengthening the automotive industry's supply chains by supplementing truck transport with the use of diverse transport modes to accomplish low-environmental-impact modal shifts.
