PRÃ?VOST, QuÃ?bec, Feb. 16, 2026 /PRNewswire/ à?? Les Éditions E.T.C., founded by Lise Bourbeau, is pleased to announce the publication of à?va Kammerâ??s first book, LibÃ©rez le pouvoir de votre univers intérieur à?? DÃ©couvrez des outils pour rÃ©veiller lâ??énergie crÃ©atrice qui sommeille en vous.

What if the key to your personal transformation lay in an authentic dialogue with yourself? à??LibÃ©rez le pouvoir de votre univers intérieurâ?? offers a fascinating journey into intuitive awareness, archetypal psychology, the exploration of emotional wounds and conscious manifestation. The author invites us to go beyond our limiting patterns and reconnect with our hidden resources and unsuspected strengths. Because itâ??s not a question of adding one more methodâ?l but of daring to reverse our relationship with the world: starting from ourselves rather than undergoing or trying to control everything from the outside.

Drawing on poignant personal stories, instructive concepts and a host of concrete, accessible exercises, this book offers a powerful yet pragmatic approach to taking back the reins of your life. Through the notion of intuitive awareness, it reveals how to free oneself from external conditioning (social expectations, inherited beliefs, unconscious wounds) in order to fully embody oneâ??s inner sovereignty and create a reality aligned with oneâ??s deepest essence.

As you explore your inner world, youâ??ll find not only answers, but also new questions, new possibilities and, above all, a renewed understanding of the magic of existence.

Passionate about human dynamics, à?va Kammer has been exploring the links between communication, emotions and personal development for several years. At first, she worked in the field of scientific communication, but a deeper quest was calling her. She completed training courses with À?coute ton corps and in hypnotherapy, before devoting herself fully to therapeutic accompaniment and founding HapyyÂ%. This first book is the reflection of her journey, a bridge between science and intuition, between rigor and sensitivity, between external knowledge and inner wisdom. This book

embodies her mission: helping everyone reconnect with their essence, to live a life aligned, free and conscious.
