COMUNICATO STAMPA - CONTENUTO PROMOZIONALE

BERLIN, Aug. 17, 2026 /PRNewswire/ - TCL, a global leader in consumer electronics and the world's No.1 Mini LED and ultra-large[1] TV brand, invites visitors to step inside its Inspiration Habitat at IFA 2026. Themed "AI Inspired Life", the immersive exhibition space in Hall 21A at Messe Berlin brings together the latest innovations from across TCL Industries in entertainment, connected living and home technology - offering a first look at how AI can inspire the way people watch, live and connect at home and beyond.

Spanning screen sizes from small to large, the Inspiration Habitat will present TCL's full visual ecosystem - anchored by its flagship SQD-Mini LED displays, NXPAPER mobile devices and the latest RayNeo smart glasses. Together, they reflect the increasingly fluid ways audiences consume cinema, streaming and gaming across screens. A dedicated panel about flagship display technology, part of the TCL IFA 2026 Innovation Discovery on 3rd September, will take the conversation further, exploring how evolving viewing habits, content creation and display innovation are defining the future of visual experiences.

Beyond the screen, new air conditioners and washing machines extend AI further into the home, bringing greater intelligence and efficiency to everyday routines.

Making its global debut at IFA 2026, the upgraded TCL NXTHOME brings "Seasonal Resonance" to life through an immersive journey across the entire home inspired by the changing seasons. Rooted in TCL's Inspire Nature Aesthetics, evolving colors, moods and bespoke signature patterns flow across smart displays, home appliances, interiors and furnishings, creating more natural expressions of technology that merge seamlessly into everyday life.

The exhibition will also highlight TCL's long-standing commitment to global sport, connecting people through a shared passion for sport. With the FIBA Women's Basketball World Cup 2026 taking place in Berlin during IFA week, visitors can look forward to a vibrant celebration of the game at the TCL booth - including a dedicated fan zone and interactive basketball experiences at the Inspiration Habitat.
