COMUNICATO STAMPA â?? CONTENUTO PROMOZIONALE

Under the banner â??More of what you want, less of what you donâ??t,â?• CJ BIO introduces clean-label solutions delivering profound mouthfulness and lasting savory depth, alongside trend-driven condition-specific nutrition.

FRANKFURT, Germany, Nov. 18, 2026 /PRNewswire/ â?? CJ BIO, a leading global bio-solutions provider, has announced its participation in Food Ingredients Europe (Fi Europe) 2026, taking place November 17â??19 at Messe Frankfurt (Booth 42G4). Positioning its booth as â??The Taste & Nutrition Lab,â?• CJ BIO will showcase bioprocess solutions that help manufacturers deliver indulgent taste alongside cleaner, healthier profiles.

Central to the showcase is the global debut of TasteNrichÂ® Harmony KOKU, a new clean-label savory solution.

Profound Body and Lingering Finish: TasteNrichÂ® Harmony KOKU

Taste remains the decisive driver of repeat purchase, yet reducing salt, fat, or animal ingredients often leaves products with a hollow mouthfeel and unbalanced flavor.

Produced through natural fermentation without artificial additives, TasteNrichÂ® Harmony KOKU delivers:

It suits both light, balanced formulations and hearty applications such as stews, sauces, gravies, and plant-based alternatives.

Responding to Global Shifts: Taste & Nutrition

The booth is organized into two zones reflecting key global food trends:

â??Modern food formulators face the difficult task of developing cleaner, healthier recipes without compromising sensory satisfaction,â?• said a representative from CJ BIO. â??Through TasteNrichÂ® Harmony KOKU and our expanded nutrition portfolio, we look forward to partnering with global CPG leaders to shape the future of food.â?•

For sample inquiries or to schedule a meeting, visit Booth 42G4 or contact the CJ BIO team.
