COMUNICATO STAMPA â?? CONTENUTO PROMOZIONALE

Marks Lupinâ??s Debut in the Chinese Market

MUMBAI, India and BEIJING, May 22, 2026 /PRNewswire/ â?? Global pharma major Lupin Limited (Lupin) (BSE: 500257) (NSE: LUPIN) (REUTERS: LUPIN.BO) (BLOOMBERG: LPCIN) today announced that Chinaâ??s National Medical Products Administration has approved its Abbreviated New Drug Application for Oseltamivir Phosphate, in partnership with Yabao Pharmaceuticals, a leader in Chinaâ??s paediatric medicine market. This marks Lupinâ??s first product entry into China â?? a significant milestone in its global expansion.

Oseltamivir Phosphate for oral suspension, 6 mg/mL will be launched and commercialized to expand access, particularly for paediatric use. This expands Lupinâ??s global footprint and its commitment to delivering high-quality, affordable medicines to patients and children in need.

Oseltamivir Phosphate for oral suspension, 6 mg (base)/mL is indicated:

Fabrice Egros, President â?? Corporate Development, Lupin, said, â??We are delighted that we have received approval for Oseltamivir Oral Suspension in China. This is a strategic step in our entry into one of the worldâ??s largest pharmaceutical markets. It reflects our shared commitment to expanding access to high-quality, affordable therapies, particularly in paediatric care. We look forward to building a stronger presence in this market through our partnership.â?•

Wei Ren, President, Yabao, said, â??We are pleased to announce the official approval of Oseltamivir Oral Suspension in China, marking a key milestone in our partnership with Lupin. It reinforces Yabaoâ??s dedication to quality paediatric medicines and showcases our strong collaboration. We will further expand our R&D portfolio for paediatric and adult chronic disease drugs to jointly advance our businesses.â?•
