COMUNICATO STAMPA - CONTENUTO PROMOZIONALE

NEW YORK, May 11, 2026 /PRNewswire/ - OneOdio, a pioneer in professional audio technology, today officially announces the global launch of the Studio Max 2, the flagship headphones created in deep collaboration with world-renowned DJ and producer, KSHMR.

Starting today, the Studio Max 2 is available worldwide. To celebrate this milestone, OneOdio is releasing a Limited Signed Edition featuring a collector's signature card from KSHMR exclusively available on the OneOdio Official Website. This special release is strictly limited to 1,000 units globally.

Following a highly successful pre-order period, the Studio Max 2 is now available to the general public. This launch marks a significant milestone in professional audio, bridging the gap between wireless freedom and the rigorous demands of studio-grade precision.

Fine-Tuned by KSHMR: A Producer's Vision The Studio Max 2 is more than a signature model; it is a tool built for the modern creator's workflow. KSHMR (Niles Hollowell-Dhar) was deeply involved in the acoustic engineering process.

"I demanded absolute honesty from these headphones," says KSHMR. "As a producer, the vibe is delicate. The Studio Max 2 provides that transparent, professional sound that allows you to trust your creative decisions, whether you're on stage or in a hotel room."

Breakthrough Tech: The 9 ms Revolution At the heart of the Studio Max 2 is the proprietary RapidWill+ 3.0 technology. By utilizing a dedicated 2.4GHz Transmitter, OneOdio has achieved a record-breaking 9 ms ultra-low latency. This pushes wireless performance to the edge of human perception, allowing musicians to play MIDI keyboards, guitars, and DJ controllers with the instant feedback previously only possible with a cable.

Key Professional Features

Pricing and Exclusive AvailabilityThe Studio Max 2 is priced at \$189.99 USD for the standard version. The Limited Signed Edition (1,000 units only) is available for \$199.99 USD exclusively at the Website.
