COMUNICATO STAMPA â?? CONTENUTO PROMOZIONALE

HYDERABAD, India, June 30, 2026 /PRNewswire/ â?? Shantha Biologics today announced that it has entered into an outsourcing agreement with Novo Nordisk to provide cartridge fill-finish manufacturing services in India.

The agreement with Novo Nordisk reflects Shantha Biologicsâ?? continued focus on high-quality manufacturing execution and its role as a trusted partner to global healthcare companies. The collaboration will be governed by the partiesâ?? agreed contractual framework and carried out in accordance with applicable quality, compliance, and regulatory requirements.

â??We are pleased to enter into this collaboration, which reflects the confidence placed in Shantha Biologicsâ?? capabilities and our commitment to reliable, high-quality cartridge fill-finish services,â?• said Dr. Vishy Chebrol, Director, Shantha Biologics. â??We look forward to supporting this partnership through strong operational execution and a continued focus on quality and compliance.â?•

No financial terms or further details of the agreement are being disclosed.

About Shantha Biologics

Shantha Biologics is a pharmaceutical manufacturing company based in Hyderabad, India, with capabilities spanning vaccines, biologics, and specialized sterile manufacturing. The company operates purpose-built sterile fill-finish capacity, including cartridge filling, and partners with global pharmaceutical and biotechnology companies to deliver high-quality development and aseptic manufacturing that meets international quality and compliance standards.
