COMUNICATO STAMPA â?? CONTENUTO PROMOZIONALE

AUCH, France, Nov. 3, 2026 /PRNewswire/ â?? TEKLYNX International introduces its TEKLYNX 2026 solutions, a comprehensive suite of barcode labeling software designed to help companies improve operations. The 2026 release brings in tangible, customer-centric enhancements that simplify label design and compliance, extend print automation to outâ??ofâ??network environments, and strengthen safeguards to prevent unauthorized or duplicate labels.

The TEKLYNX 2026 solutions include LABEL MATRIX, LABELVIEW, CODESOFT, SENTINEL, and LABEL ARCHIVE.

Label design softwareâ??LABEL MATRIX, LABELVIEW, and CODESOFTâ??provide easy-to-use interfaces for designing labels, connecting to various data sources, setting up forms for efficient printing, and encoding RFID labels. The latest version includes compliance enhancements and new capabilities:

Enterprise softwareâ??SENTINEL and LABEL ARCHIVEâ??automate label printing directly from a business system and facilitate the configuration of automatic, digital workflows for paperless label approval processes. Enhancements to these print automation and label security solutions improve how companies manage and control their labeling operations:

â??The TEKLYNX 2026 solutions were developed in response to customer feedback and their labeling needs,â?• said Thierry Mauger, CEO of TEKLYNX. â??Weâ??re committed to helping businesses maintain labeling compliance while adopting enhanced software technology.â?•

For more information on how the TEKLYNX 2026 solutions can optimize labeling processes, visit teklynx.com.
