Supplier Analysis Recognizes High-Quality, On-Time Delivery of Over 2 Million Parts

CLINTON TOWNSHIP, Mich., April 29, 2026 /PRNewswire/ • Tweddle Group, a top provider of product service and support information, today received an A+ supplier grade from Toyota (TMNA).

The grade recognizes Tweddle Group's support of Toyota's Print/Kit/Ship operation and their ability to achieve and maintain a Stable, Reliable, & Self-Learning Supply Base in North America.

This accomplishment would not be possible without the dedication, collaboration and resilience our team members demonstrate each day," said Tweddle Group President Todd Headlee. "I especially want to acknowledge everyone who contributed to our Toyota programs over the past year. Their commitment truly made the difference."

Amanda Fender, Tweddle Group Vice President of Print Kit Ship and Owner's Information Development, outlined the company's Toyota (TMNA) output. "In 2025CY we shipped 2,272,038 owner information parts out of our Clinton Township location, with shipments made multiple times per week," Fender said. "These printed materials require coordination and change management efforts to support ongoing vehicle builds, new model year launches, engineering changes and more. We maintained perfect on-time delivery and incredible quality."

This is Tweddle Group's eighth year receiving an A+ grade, the highest supplier rating granted by Toyota (TMNA).
