

New Offering Developed by Redwood Software to Be Sold as an SAP Solution Extension

Descrizione

COMUNICATO STAMPA â?? CONTENUTO PROMOZIONALE

SAP Managed File Transfer by Redwood Now Available

VIENNA, Va., Oct. 26, 2026 /PRNewswire/ â?? Redwood Software, a leading orchestration platform for the autonomous enterprise, today announced that its managed file transfer solution will be sold as an SAP Solution Extension, under the name SAP® Managed File Transfer by Redwood. The offering helps enable customers to securely automate enterprise file transfers for mission-critical business operations, adding to SAP Integration Suite and SAP Cloud ERP Private and deliver unified visibility.

Built on zero-trust security architecture, the solution gives enterprises the operational freedom to scale file-based workflows without the performance ceilings, per-connector fees or vendor lock-in that constrain legacy managed file transfer platforms.

â??SAP Managed File Transfer by Redwood transforms fragile integration workarounds into compliant, high-performance file workflows,â?• said Kevin Greene, Redwood Software CEO. â??It ensures the strict auditability that mission-critical SAP ecosystem operations demand, and gives organizations still running SAP Process Integration and SAP Process Orchestration for managed file transfer a validated migration path ahead of its December 2027 end of mainstream maintenance.â?•

Redwood Software is an SAP Solution Extension partner, specifically chosen to extend SAP Integration Suite by offering exceptional high-volume and high-performing secure file transfer capabilities. These solutions have undergone a premium qualification process, exclusive to SAP Solution Extensions, and are supported with available SAP support services.

The solution is SAP-branded, sold and supported and provides enterprises with a single, vendor-agnostic platform to secure, automate and scale file-based operations across their entire SAP

landscape. Key capabilities include:
