COMUNICATO STAMPA â?? CONTENUTO PROMOZIONALE

TSXV: PGZ | OTCQB: PGZFF | FRA: 2EU

VANCOUVER, BC, Feb. 13, 2026 /PRNewswire/ â?? Pan Global Resources Inc. (â??Pan Globalâ?• or the â??Companyâ?•) (TSXV: PGZ) (OTCQB: PGZFF) (FRA: 2EU) is pleased to announce the filing on SEDAR+ of an independent Technical Report (the â??Reportâ?•) for its Escacena Project in the Iberian Pyrite Belt, southern Spain, prepared in accordance with National Instrument 43-101 â?? Standards of Disclosure for Mineral Projects (â??NI 43-101â?•). Pan Global released the results of the Mineral Resource Estimates (â??MREsâ?•) for the La Romana (Cu-Sn-Ag) and CaÃ±ada Honda (Au-Cu-Ag) deposits included in the Report on December 31, 2025. The results provide a strong foundation for future technical and economic studies and demonstrate a high-confidence resource primarily in the Measured and Indicated categories, with potential to expand.

The Report, titled â??Escacena Project â?? NI-43-101 Reportâ?•, is available on SEDAR+ under the Companyâ??s profile at www.sedarplus.com and on the Companyâ??s website at www.panglobalresources.com. The effective date for the MREs is December 31, 2025. The Report was prepared by Orelogy Consulting Pty Ltd.

Highlights

Details on the MREs for La Romana and CaÃ±ada Honda are presented in the Technical Report filed on SEDAR+ and the Companyâ??s website. Equivalent grades are provided for illustrative purposes only and are not used for cut-off grade determination. Equivalent grades were calculated using metal prices and recoveries only and do not include payability or refining charges.

Qualified Persons

The Qualified Persons have reviewed and approved the scientific and technical information contained in this media release.

About the Escacena Project and Escacena South areas

The Escacena Project and recently added Escacena South area comprises a large, contiguous mineral rights land package controlled 100% by Pan Global in the east of the Iberian Pyrite Belt. The area has been expanded from 5,760-hectares to more than 10,000-hectares with the award of the Flores, Rosario and Girasoles mineral rights in September 2025. Pan Global has also submitted four additional Investigation Permit applications covering 3,888-hectares (Inmaculada, Santa Isabel, Santa Micaela I and Santa Micaela II) that will further increase the mineral rights holdings in the Iberian Pyrite Belt to more than 13,900-hectares. Escacena is located near the operating mine at Riotinto and is immediately adjacent to the former Aznalc  llar and Los Frailes mines where Minera Los Frailes (Grupo M  xico) is commencing a new underground mine development beneath the former Los Frailes open pit mine.

About Pan Global Resources

Pan Global Resources Inc. is actively exploring for copper-rich mineral deposits along with gold and other metals. Copper has compelling supply-demand fundamentals and outlook for strong long-term prices as a critical metal for global electrification and energy transition. Gold is also attracting record prices.

The Company  s flagship Escacena Project is in the prolific Iberian Pyrite Belt in southern Spain, where a favourable permitting track record, excellent infrastructure, mining and professional expertise, and support for copper as a Strategic Raw Material by the European Commission collectively define a tier-one low-risk jurisdiction for mining investment. Escacena contains the La Romana copper-tin-silver deposit and the Ca  lada Honda gold-copper deposits, with maiden resources announced in December 2025. The Company  s second project, at C  rmenes in northern Spain, is also an area with a long mining history and excellent infrastructure. The Pan Global team comprises proven talent in exploration, discovery, development, and mine operations    all of which are committed to operating safely and with utmost respect for the environment and our partnered communities. The Company is a member, and operates under the principles, of the United Nations Global Compact.
