NEW YORK, June 22, 2026 /PRNewswire/ - RingConn, a leading smart ring brand focused on everyday health monitoring, today announced its partnership with Warner Bros. Home Entertainment Inc. in celebration of the 25th anniversary of The Lord of the Rings: The Fellowship of the Ring. Bringing together one of fantasy's most epic film series and a new generation of wearable technology, the collaboration celebrates the shared belief that greater awareness can empower better choices. To mark the partnership, RingConn will introduce exclusive film-themed rewards for eligible Gen 3 customers in the United States of America, extending the collaboration into a broader campaign built around the idea of "To Be An Everyday Hero."

For generations, The Lord of the Rings film series has captivated audiences. When The Fellowship reaches the end of its journey after overcoming immense challenges, audiences are moved by their courage, perseverance, and growth.
