COMUNICATO STAMPA - CONTENUTO PROMOZIONALE

PARIS, Aug. 24, 2026 /PRNewswire/ - TCL, a global leader in consumer electronics and the world's number one Mini LED TV brand[1], has earned six EISA awards - one of Europe's leading recognitions for audio-visual innovation. Spanning premium television and home theatre audio, the awards highlight TCL's continued commitment to making home entertainment more innovative and immersive for European households.

TCL 98X11L SQD-Mini LED TV: EISA STATEMENT TV 2026-2027

TCL X11L SQD-Mini LED TV represents TCL's flagship vision for large-screen home entertainment. The model brings together TCL's SQD-Mini LED technology and advanced backlight control to deliver a premium, cinematic viewing experience at home on an ultra-large screen.

Built for realistic performance, the 98X11L features up to 20,736 Precise Dimming Zones, up to 10,000 nits of HDR peak brightness, and up to 100% BT.2020[2] All-Scenes Wide Colour Gamut for striking colour, contrast and detail. A native 144Hz refresh rate keeps fast-paced action smooth, while HDR10+ and Dolby Vision enhance every scene with greater depth and realism. The WHVA 2.0 Ultra Panel ensures a consistent view from every angle in the room, while Audio by Bang & Olufsen delivers clear, powerful sound - all within an ultra-thin design that integrates naturally into modern interiors.

TCL 85RM9L RGB-Mini LED TV: EISA PREMIUM RGB LED TV 2026-2027

The TCL 85RM9L RGB-Mini LED TV demonstrates TCL's commitment to creating next-generation display technologies. Rather than upgrading just one part of the TV, TCL has refined the entire display system using RGB Precision dimming technology. From the RGB light source to the screen itself, this helps to create a more lifelike picture on the screen through light and colour performance.

With up to 100% BT.2020 Wide Colour Gamut[3], 8,736 Precise Colour Zones and up to 4,000 nits of HDR peak brightness, the 85RM9L delivers exceptionally rich colour, refined contrast and precise detail. Audio by Bang & Olufsen and an ultra-slim design complete a premium large-screen experience that combines immersive performance with modern style.

TCL 75C8L SQD-Mini LED TV: EISA â??PREMIUM MINI LED TV 2026â??2027â?•

TCL 75C8L SQD-Mini LED TVâ??s award recognizes TCLâ??s continued efforts to make advanced Mini LED performance accessible across its premium TV portfolio, combining precise light control with the visual impact that todayâ??s entertainment demands.

With up to 5,500 nits of peak brightness and 2,584 dimming zones, the 75C8L preserves contrast and detail across both bright and dark scenes, making weekend movie nights and big-match moments more immersive. A native 144Hz refresh rate keeps fast-paced action smooth, while Audio by Bang & Olufsen and Dolby Atmos add depth and clarity without requiring additional sound equipment.

TCL 65C7L: EISA â??BEST BUY MINI LED TV 2026â??2027â?•

TCL 65C7L received the EISA â??BEST BUY MINI LED TV 2026â??2027â?• award, combining refined light control and colour accuracy with everyday value.

Streaming, gaming and live TV benefit from up to HDR 3,000 nits peak brightness and 1,152 precise dimming zones, delivering clear contrast and strong highlights in everyday viewing. A 144Hz native refresh rate, Game Accelerator 288Hz, and HDMI 2.1 supports responsive gameplay with reduced tearing and low input latency, while Dolby Atmos enhances sound for a more engaging all-round experience.

TCL Z100 & Z100-SW Wireless Free Sound Speaker: EISA â??WIRELESS HT AUDIO SYSTEM 2026â??2027â?•

TCL Z100 & Z100-SW Wireless Free Sound Speaker give users freedom to shape their own sound setup so that speakers can be placed where they work best in the room, not where cables allow. Each 1.1.1-channel speaker delivers 170W of power and works with Dolby Atmos FlexConnect-compatible TCL TVs, allowing the sound experience to adapt to the space. Users can add up to four speakers and an optional wireless subwoofer to create a scalable, cinematic system with no visible wiring.

TCL A65K Design Series Soundbar: EISA â??SOUNDBAR 2026â??2027â?•

TCL A65K Soundbar features Audio by Bang & Olufsen to combine TCLâ??s home-entertainment expertise with a custom-tuned sound experience that is designed to make movies, games and everyday viewing more engaging.

Slim at just 50mm, TCL A65K sits naturally beneath the TV while delivering fuller, clearer sound. Its 3.1.2 channel design and Dolby: X support add depth to films and series, while voice and bass enhancement helps conversations stay crisp and music feel richer even at lower volumes.

These awards reflect TCLâ??s commitment to Inspiring Greatness through products that bring premium, immersive entertainment to more people across Europe. TCL continues to invest in creating display and audio technologies that bring together picture quality, sound performance and design for a

more complete home entertainment experience.
