

Veeva Quality Cloud Advances Manufacturing Operations for Kindeva

Descrizione

COMUNICATO STAMPA • CONTENUTO PROMOZIONALE

Global CDMO will unify sites on single quality platform for greater efficiency and scalability

BARCELONA, Spain, May 28, 2026 /PRNewswire/ • Veeva Systems (NYSE: VEEV) today announced Kindeva is adopting Veeva Quality Cloud to modernize its manufacturing operations, bringing together its global network of sites onto a single cloud platform. With Veeva QualityDocs, Veeva QMS, Veeva Training, and Veeva LearnGxP, Kindeva is building a scalable technology foundation that can meet new customer requirements as the business continues its growth trajectory.

• Kindeva partnered with Veeva to further its mission of developing and manufacturing therapies that can deliver a better tomorrow for patients, • said Melanie Cerullo, chief quality officer at Kindeva. • Implementing Veeva Quality Cloud will enhance our quality management infrastructure to enable greater standardization, real-time visibility across operations, more efficient collaboration, and secure information exchange with our customers. By ensuring compliance with global regulatory requirements, Veeva Quality Cloud will help Kindeva to deliver high-quality products at scale and drive operational efficiency across the value chain. •

Veeva Quality Cloud will standardize and unify Kindeva's business processes. By connecting quality assurance (QA) and training, the contract development and manufacturing organization (CDMO) can operate more efficiently and eliminate data silos. The platform will enable Kindeva to better service clients and support growth across regions and therapeutic areas, as the organization advances its fill-finish operations.

• Veeva is a key partner in realizing our digital quality vision, helping to simplify our systems infrastructure across the business and ensure data integrity, • said Prakash Pandian, chief information officer at Kindeva. • With Veeva Quality Cloud, we can deliver standard global procedures that increase site productivity and create value for our business, customers, and patients. •

Veeva Quality Cloud unifies quality processes, connects applications, and drives collaboration to reduce cycle time and maximize efficiency. To learn more about Veeva Quality Cloud for CDMOs, visit
