The index is rebalanced quarterly to reflect market changes and ensure it continues to represent the most relevant and qualitative crypto assets. The rebalancing adjusts the weighting based on market capitalization and may involve removing or adding certain assets.

In connection with this rebalancing, changes will be made to the crypto assets included in the index. Bittensor (TAO) will be removed from the index.The performance of Virtune Coinbase 50 Index ETP in May was -10.37%.

Virtune Coinbase 50 Index ETP is a physically-backed exchange-traded product (ETP) tracking the Coinbase 50 Europe Index, the premier global benchmark index for digital assets and the crypto marketâ??s equivalent of the S&P 500 index. The ETP provides exposure to up to 50 leading crypto assets and is rebalanced quarterly. The product features a transparent structure backed by physical holdings and secured with institutional-level solutions.

If you, as an (institutional) investor, are interested in meeting with Virtune to discuss the opportunities our ETPs offer for your asset management services or to learn more about Virtune and our ETPs, please do not hesitate to contact us at hello@virtune.com. You can also read more about Virtune and our ETPs atwww.virtune.com and register your email address on our website to subscribe to our newsletters, which cover updates on Virtuneâ??s upcoming ETP launches and other news related to digital assets.
